

L É L É É

AUTHENTIC

MACEDONIAN

LÉ LÉÉ can express so many emotions in Macedonian - from pain and sorrow, to joy and total elation, it encompasses the Macedonian spirit. Miki and Igor curated LÉ LÉÉ to capture this spirit and share the experience of Authentic Macedonian culture.

There is a saying in Macedonian that influences daily life, whether that be the way you cook a meal, host a party or make a coffee; "So dusha da go pravish", meaning - To do it with your soul.

The Macedonian experience

*A host warmly welcomes guests in a Macedonian household.
"Dobro dojde!" (Welcome).*

*It is a tradition for guests to be seated at the dining table and a drink (usually Rakia) is offered along with a spread (Meze) of cured meats, cheeses and dips to share.
The evening starts with a toast "Nazdravije" (cheers) in Macedonian meaning; "to your health".*

The second course is a spread of shared meals, typically consisting of BBQ'd meats or slowly roasted dishes placed at the centre of the table. Seasonal produce and local wines inspire the menu on offer.

There is ample food, bottomless glasses and music from the motherland. Conversations flow and time stands still.

"May your time at LÉ LÉÉ transform you to Macedonia"
